A 3D perspective drawing of a rectangular box. The box is light brown with black outlines. On the left side, there is a small rectangular opening. Inside this opening, a black rectangular component is visible, which appears to be a sensor or a small display. The box is shown from a slightly elevated angle, showing the top and front faces.

Technical drawing of a stepped block. The top view shows a rectangular block with a total width of 22 and a total height of 40. The block is stepped, with a smaller section on the right that is 20 units high. The side view shows the block with a total width of 22 and a total height of 40. The block is stepped, with a smaller section on the right that is 20 units high. The side view also shows a small rectangular feature on the top surface, with a width of 11 and a height of 20.
